

Mount Field Solar Farm

You are invited to have your say

Ampyr Solar Europe is developing a proposal for a solar farm and energy storage system on land between Bampton, Aston and Lew.

Our consultation runs until **11:59pm on 15 June 2025** and we want to hear your feedback.

www.mountfieldsolar.co.uk

We anticipate that Mount Field Solar Farm will be able to supply enough energy to power up to **16,000 homes** each year (a third of the homes in West Oxfordshire). The clean energy generated could save up to 650,000 tonnes of CO₂ over the lifespan of the solar farm.

We are now consulting on our proposal. You can also read our consultation materials and provide feedback on our project website:

www.mountfieldsolar.co.uk

We will be holding a drop-in event at **Aston and Cote Village Hall, Cote Road, Aston OX18 2FS** on **Thursday 5 June 2025 from 3pm to 7pm**. Please come along to find out more about the proposal and talk to the project team.
